Placer Land Trust believes that the preservation of wild open spaces, farms and ranches, natural resources, and natural playgrounds are vital to our quality of life today and in the future. Protecting these landscapes is essential to successfully build and sustain connections among people, their community, and the natural environment. Since 1991, Placer Land Trust has worked with willing landowners and conservation partners to permanently protect natural and agricultural lands in Placer County for current and future generations. *Learn more at placerlandtrust.org.*
